ABOUT US

Kingsafe Group was founded in 1987, which is an excellent private enterprise, specializing in product research and development, production and sales of non-woven materials for medical and health care products, interlining for high-class clothing. Besides, it is the biggest supplier of nonwoven fabrics in Asia and No. 14 all over the world. In 2012, we set up "Uniquality", approaching end products in personal care industry. Up to now, we have successfully created hosts of baby products' brands, and also provide OEM/ODM services for renowned brands at home and abroad. The headquarter is located in Changxing County, Zhejiang Province, along the comforting and rich Lake Taihu scenic area. Furthermore, the group has set up factories in Foshan in Guangdong, Nantong in Jiangsu and Xiaogan in Hubei. The existing business with 7 factories in 4 cities covers an area of 800,000m², with more than 2000 employees, and the annual sales of USD500 million, of which 45% are exported globally. In 2023, we will go abroad to invest and build factories overseas. In a word, we are always committed to providing comprehensive and better products and services to customers and consumers worldwide.
